It is important that your grant is used effectively and based on school need. The [Education Inspection Framework](#) (Ofsted 2019 p64) makes clear there will be a focus on **‘whether leaders and those responsible for governors all understand their respective roles and perform these in a way that enhances the effectiveness of the school’**.

Under the [Quality of Education criteria](#) (p41) inspectors consider the extent to which schools can articulate their curriculum (INTENT), construct their curriculum (IMPLEMENTATION) and demonstrate the outcomes which result (IMPACT).

To assist schools with common transferable language this template has been developed to utilise the same three headings which should make your plans easily transferable between working documents.

Schools must use the funding to make **additional and sustainable** improvements to the quality of Physical Education, School Sport and Physical Activity (PESSPA) they offer. This means that you should use the Primary PE and sport premium to:

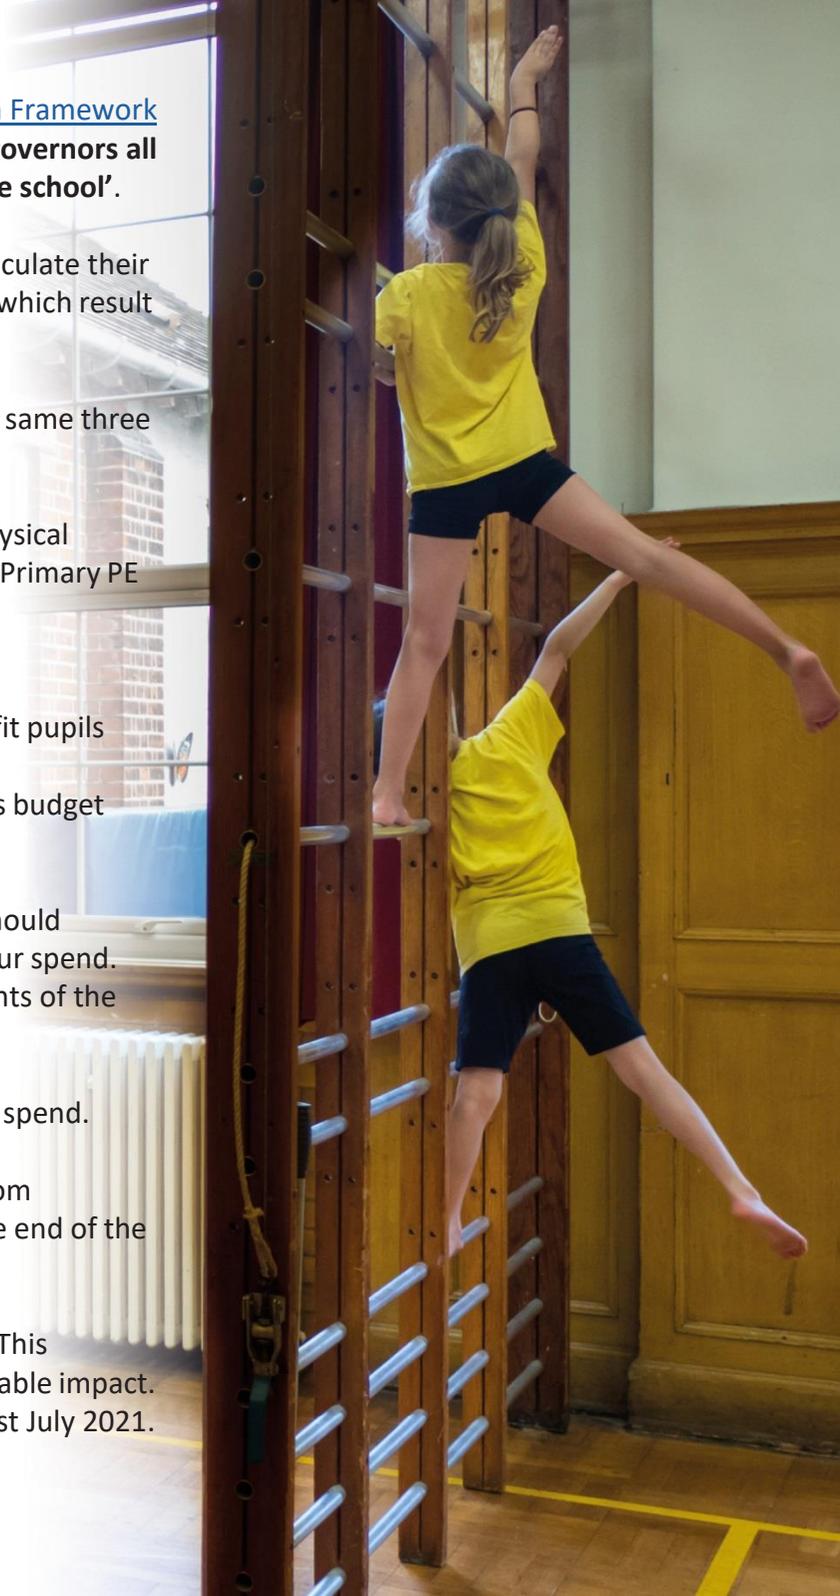

- Develop or add to the PESSPA activities that your school already offer
- Build capacity and capability within the school to ensure that improvements made now will benefit pupils joining the school in future years
- The Primary PE and sport premium should not be used to fund capital spend projects; the school’s budget should fund these.

Please visit gov.uk for the revised DfE guidance including the 5 key indicators across which schools should demonstrate an improvement. This document will help you to review your provision and to report your spend. DfE encourages schools to use this template as an effective way of meeting the reporting requirements of the Primary PE and sport premium.

We recommend you start by reflecting on the impact of current provision and reviewing the previous spend.

Schools are required to [publish details](#) of how they spend this funding, including any under-spend from 2019/2020, as well as on the impact it has on pupils’ PE and sport participation and attainment by the end of the summer term or by **31st July 2021** at the latest.

We recommend regularly updating the table and publishing it on your website throughout the year. This evidences your ongoing self-evaluation of how you are using the funding to secure maximum, sustainable impact. Final copy must be posted on your website by the end of the academic year and no later than the 31st July 2021. To see an example of how to complete the table please click [HERE](#).

Support for review and reflection - considering the 5 key indicators from DfE, what development needs are a priority for your setting and your pupils now and why? Use the space below to reflect on previous spend and key achievements and areas for development.

Please note: Although there has been considerable disruption in 2020 it is important that you publish details on your website of how you spend the funding - this is a legal requirement.

N.B. In this section you should refer to any adjustments you might have made due to Covid-19 and how these will influence further improvement.

Key achievements to date until July 2021:	Areas for further improvement and baseline evidence of need:
<ul style="list-style-type: none"> • All children participating in competitive sport through inter-house competition during PE lessons. All PE units now end with a competitive sporting event where children apply skills taught throughout the teaching block. • A range of extra-curricular opportunities (lunch-time to COVID secure bubbles) were offered each term, some of which were taught by school staff and others through external providers/coaches (football, netball, dodgeball, multi-skills) • Children participated in. Dance enrichment days and mini Olympics enrichment, classes then completed Olympics themed activities in their classrooms afterwards. • All children in EYFS and Year 1 received specialist yoga teaching for yoga to support their gross and fine motor development alongside providing CPD and assessment opportunities for staff. • All Year 6 children received weekly swimming lessons (when not during Covid-19 school closure) resulting in most of the cohort able to swim 25m and able to use a range of strokes effectively. 	<ul style="list-style-type: none"> • To further increase participation in competitive sport • Work with Progressive Sports to re-establish lunchtime/afterschool when COVID19 is less of a concern. • Organise a range of in-house enrichment days throughout the academic year to ensure children are still offered a range of sporting opportunities • CPD opportunities to up-skill staff • Focus on raising the profile of physical activity/ encouraging the children to stay/ become more active after so long spent at home.
